Product Information

OPN-Spray Degreaser

97% active agent

- *universal degreaser*
- *surface cleaner*
- *rapid cleaner*

Properties:

- degreases and cleans in one step metals, glass, ceramics, many plastics etc.
- removes fats, oils, tar, wax, and other persistent contaminations
- for degreasing and cleaning before priming and painting
- useable for cleaning and degreasing of surfaces to prepare for bonding
- evaporates quickly, evaporates nearly without residues - unlike as dilutions, it does not form residual lining
- highly concentrated and rapidly effective, so economical in use

Application Range:

- with strong cleaning effect for the entire industry, crafts, construction and automobile plants etc.
- cleaning and degreasing machine parts in the course of maintenance works

Application:

Our information are recommendations based on our experience. We accept no liability for any damage without tests concerning suitability for the specific application, without preliminary trials and if the products is misused. Spray on contaminated parts and let the cleaner run off. Let parts dry air exposed or wipe with a dry cloth. In case of strong contaminations repeat process. If necessary treat persistent foulings with a brush.

Only for professional use! Always observe safety data sheet before use.

Please note:

For use on painted and plastic parts test suitability on a covered position. Do not spray on rubber and leather. Do not spray on live wires or parts. When processing larger quantities in small rooms use explosion protection.

Delivery information: Art.-No. 60746

Spray: 500 ml Content, Packing Unit: 12 Cans/Carton

Observe the information on the label and of the EC-safety data sheet!

Our technical information has been compiled carefully to the best of our knowledge. Because of the many possible influences during processing and use of the products they do not relieve the processor of its own, conscientious exams! A legally binding assurance of certain properties or of the suitability for a particular purpose can not be derived from our information. Existing laws and regulations must be checked and observed from the processor of our products before use in his own responsibility.
