Product Information

OPN-Construction Marking Spray for hand marking

"Day-glow colors" or "neon colors":

Art.-No. 63550 - yellow, Art.-No. 63551 - red, Art.-No. 63564 - yellow-orange, Art.-No. 63556 - blue,
Art.-No. 63552 - red-orange, Art.-No. 63553 - orange, Art.-No. 63554 - green, Art.-No. 63555 - pink

„Normal colors“:

Art.-No. 63563 - yellow, Art.-No. 63557 - orange, Art.-No. 63558 - blue,
Art.-No. 63559 - green, Art.-No. 63560 - red, Art.-No. 63561 - black, Art.-No. 63562 - white

Properties:

- special valve - spray the can over the head
- high opacity and very fast drying, therefore can be processed time-saving and cost-effective
- abrasion resistant - waterproof - durable
- not gasoline resistant

Application Range:

- for fast, clean, permanent marking of concrete, asphalt, masonry, paving, wood, metal, glass, ceramics, etc. in industry, civil engineering, crafts etc.
- for labeling and marking during construction, on walking and driving paths, for wall breakthroughs, tube and pipe runs, etc.

Application:

Our information are recommendations based on our experience. We accept no liability for any damage without tests concerning suitability for the specific application, without preliminary trials and if the products is misused. When processing the can should be at "room temperature". **Shake can well before use and after each spray break until the stirring ball moves freely.** The area to be sprayed must be clean, dry and free from grease. Hold can upside down and spray targeted from about 15 - 20 cm. Cover the surfaces that should not be sprayed.

After use hold can upwards and spray valve clean until only propellant leaks.

Color is **not** petrol-resistant.

Only for professional use! Always observe safety data sheet before use.

Delivery information: Art.-No. *see above*

Spray: 500 ml Content, Packing Unit: 12 Cans/Carton

Observe the information on the label and of the EC-safety data sheet!

Our technical information has been compiled carefully to the best of our knowledge. Because of the many possible influences during processing and use of the products they do not relieve the processor of its own, conscientious exams! A legally binding assurance of certain properties or of the suitability for a particular purpose can not be derived from our information. Existing laws and regulations must be checked and observed from the processor of our products before use in his own responsibility.
